

Pledge Interest Form Instructions

(Updated 8/31/2022)

The attached Pledge Interest Form must be used by all chapters in their pledging process. This form has been specifically designed as a tool to help chapters:

- easily collect and access information from prospective members, as well as conveniently confirm all membership requirements have been met.
- improve communication and involvement between chapters, their Chapter Advisors, and pledges.
- provide a better record of candidates early in the pledge process so chapters can engage with them and keep them interested in membership.
- enhance recruitment efforts prior to the pledge ceremony as well as maintaining relationships to interested people who may not immediately receive a membership offer or who do not complete the pledge process.
- give chapters an easy and organized way to fill in the required Pledge Report Form accurately and/or verify information provided on the form before it is submitted.

Each chapter is expected to distribute the Pledge Interest Form to prospective pledges and have them fill the form out completely. Completed forms must be collected by the chapter.

Each pledge period, Chapters should share their pledge interest forms and meet with (virtual or in person) their Chapter Advisor to confirm the chapter's established standards for membership and to monitor adherence to that standard.

The chapter must retain all Pledge Interest Forms until the candidate completes the initiation process or otherwise ends their bid for membership.

Questions regarding this form or its use can be directed by email to the National Office at reports@alphachisigma.org.
