

Brothers of the Nominations Committee,

Thank you for this opportunity to potentially serve our fraternity as a Professional Representative. My name is Alex Jones and I was initiated through the Delta Delta Chapter at Southeast Missouri State University in the spring of 2021. Since then I have served as Treasurer for one year and Master of Ceremonies for 2 years at my home chapter. I was also nominated as the delegate for the 56th Biennial conclave and returned for the 57th as a non-delegate. I am currently finishing up my bachelors' degree in forensic chemistry for which I plan on using to go into the forensic toxicology field. My date of graduation is August 5th 2024, after which I plan on switching over to being an active member of the Professional Branch. Outside of school, I was a boy scout camp counselor for the Three Fires Council in Illinois for six years obtaining the position of Area Director by the end of my time there. After that, I started as a Lab Support Technician for Mercy Hospital Southeast in Cape Girardeau, Missouri which I have been working at for the last 2 years.

As for why I wish to be elected, it would be to be further involved in our fraternity that I love. I am more than willing to put in the time and effort needed to learn and exceed at being a Professional Representative. As a soon to be college graduate, I will be able to bring a fresh perspective of the college branch to the National branches' attention and be able to advise on current collegiate chapters would need from the professional branch for the collegiate perspective. Also, I will be able to serve as a voice for the young professional brothers that have just started their journey in the professional branch and what they may need from them to be able to obtain their goals in their career. Thank you all for everything that you do for this fraternity!

Yours in the Double Bond,

Alexander Jones
